MK-20 Titan High Intensity Fog: The MK-20 with the Fog delivery system helps implement a wide dispersal pattern to take on large groups of combatants. It's useful for pre-entry situations and area denial against the enemy. The Fog pattern is also great for clearing larger cells or prison day rooms. When it comes to crowd control the **MK-20 Fog** is the best tool for the job. Recommended carry is a thigh holster or tactical vest for quick deployment.

Accessories

Hose and Wand Adapter: With the wand attachment the user can apply controlling force under doors, cell openings, holes, windows and etc. It is excellent tool for Corrections, Swat and Military teams. **Stock No: CE-WAND**

Drop-Leg MK-20 Holster: With the drop-leg holster, the MK-20 unit can be tightly secured and worn along the outer thigh for easy tactical transitions. **Stock No: WEB20-DL**

Formulation: Oleoresin Capsicum (OC) combined with a **Non-Flammable carrier**. Guardian Protective Devices™ sprays are safe for use with Electro Muscular Disruption (EMD) technology, such as Taser™. UV dye added for easy identification, putting the subject at the scene of incidence.

OC + CS blends are available, custom blends upon request to meet your department requirements.

Safety: The pistol grip uses a state of the art pull pin which secures the trigger to prevent accidental discharge. The contour on the pistol grip allows for a steady comfortable grip aiding in target acquisition.

Labeling: All canister labels are wearing water-resistant and contain the following data:

- Individualized Serial Numbers
- Active Ingredient
- Date of Manufacture
- Date of Expiration
- Lot / Batch Number
- Stock Number
- Decontamination Instructions

Packaging: Department of Transportation (DOT) approved commercial packaging.

 Made in the USA.
D.O.D. approved facility.
